

Plant & Animal Cells

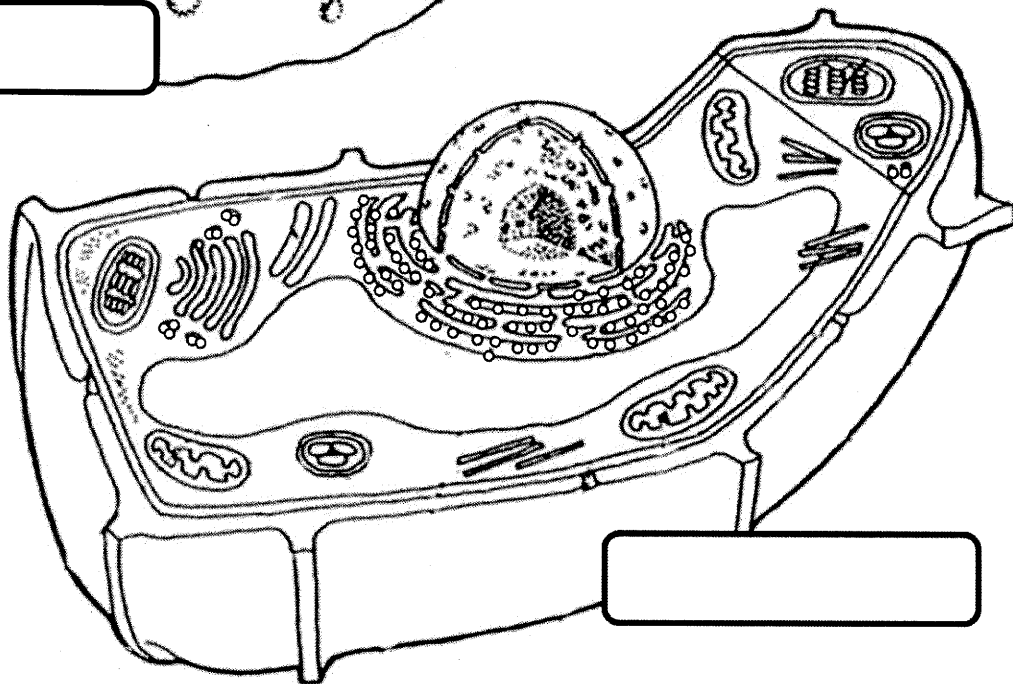

Name _____

- 1 - Label each cell using plant cell or animal cell.
- 2 - Use colored pencils to shade each organelle and the corresponding box in the key.

KEY:

- Cell Membrane
- Cell Wall
- Cytoplasm
- Endoplasmic Reticulum
- Golgi Bodies
- Lysosomes
- Mitochondria
- Vacuoles
- Nucleus
- Nucleolus
- Nuclear Membrane
- Chromatin
- Chloroplasts
- Ribosome

Which organelles were only found in the plant cell? _____
